IFCO

Caja Pescado

In collaboration with

TEPSA

- **The most efficient way to sell fresh fish and seafood**
- **Designed to meet high hygiene standards and prevent cross contamination**
- **Empty containers are nestable, for efficient storage and transportation**
- **Already used in many fishing ports**
- **Optimized for chilled and frozen seafood products**

A reusable packaging container (RPC) suitable for chilled and frozen seafood products. Sturdy and durable design. Maintains product quality and freshness. Available in 4 sizes.

Your benefits

Protects your products

- Containers that protect products and avoid intermediate handling, with smooth internal and external surfaces to prevent product damage
- Models with or without drainage

Sustainable (3R)

- Reduces the amount of waste that ends up in landfill. Every RPC is reused between 50 and 120 times
- Material from RPCs that are withdrawn from circulation is recycled to make new products

Optimized design

- Designed to be used throughout the entire supply chain: from the boat to the point of sale
- No need for intermediate handling that may compromise product quality
- Totally smooth internal and external surfaces, no internal feet or ridges that could mark products

Standardized and efficient RPC

- The most stackable design on the market
- Reduces space required both in warehouses and on pallets
- Optimized reverse logistics

Efficient handling

- Stackable containers for safe and efficient transport and storage
- Different models are inter-stackable, ensuring fast and efficient picking

Dimensions and specifications

Type		F/FTD 4315	F/FTD 6413	FTD 8415	FTD 8420
Dimensions*	External dimensions (L x W x H)	400 x 300 x 145 mm	600 x 400 x 130 mm	800 x 400 x 150 mm	800 x 400 x 200 mm
	Internal dimensions (L x W x H)	375 x 225 x 130 mm	570 x 355 x 110 mm	760 x 330 x 130 mm	760 x 330 x 180 mm
	Stacking heights (full/empty container)	135/32 mm	115/28 mm	130/34 mm	180/35 mm
Logistics	Weight*	720 g	1,150 g	1,900 g	2,250 g
	Max. units per European pallet (full boxes)	120	64	45	30
	RPC per stack	15	16	15	10
	Maximum load capacity	5-6 kg	12-15 kg	15-20 kg	20-25 kg
Material	Material	HDPE			
	Color	FTD models (with drainage): RAL 382 pistachio green FT models (watertight): RAL 343 dark green			

* Tolerance of +/-3% for weight and dimensions | RPC = Reusable Packaging container

Additional information applicable to all models

Temperature range	Suitable for use between –30°C and +60°C
Properties	Lasting color intensity; suitable for food use
Number of boxes per lorry (66 pallets)	Type 4315 = 16,632 Type 6413 = 9,240 Type 8415 = 5,940 Type 8420 = 5,610
Number of empty RPCs per European pallet*	Type 4315 = 504 Type 6413 = 280 Type 8415 = 180 Type 8420 = 170

*Includes pallet height of 2,400 mm
