

# Fresh Box™ China Series

- Well-ventilated design for optimum ripening
- Suitable for both refrigerated and dry displays
- Rounded inner corners protect fruit and vegetables

*A sturdy, food-safe reusable plastic container (RPC) suitable for all fresh fruit and vegetables. Tough and durable, it significantly reduces product damage during transport and storage compared with single-use packaging. It's also ideal for point-of-sale (POS) display. Available in nine sizes.*

## Usability

Optimised for fresh fruit and vegetables

## Protects your produce

Sturdy construction and secure stacking protect fresh food

Maintains maximum product freshness and quality throughout the supply chain

High-quality RPCs ensured by inspection process after every return

## Efficient handling

Fast manual or automated unfolding

Easy stacking with minimum effort

Ergonomic design for easier handling at standard and maximum loaded weights

Extremely space-efficient: only 36 mm high when folded

## Ideal for in-store display

Shoppers prefer IFCO RPCs to single-use packaging for display<sup>1</sup>

Quick and easy to replace in fresh produce department, saving time and money

Spotless, clean appearance with IFCO state-of-the-art SmartCycle™ cleaning and drying after each use

## Helps you operate more sustainably

Reusable over many years, eliminating waste

After useful life, material is recycled into new RPCs

Reduces waste, pollution and use of natural resources<sup>2</sup>

## Standardised for maximum convenience

Compatible with all other IFCO RPCs

Compatible with all standard pallets

Optional graphics and labels for branding available

Pooled and serviced through IFCO's network of service centres

1. Global Shopper Produce Display Preferences Survey conducted by Brandcheck, 2016

2. Comparative Life Cycle Assessment of Reusable Plastic Containers conducted by Franklin Associates, a Division of Eastern Research Group (ERG), March 2017

## Dimensions and specifications

		Dimensions*		Logistics		Weight	Max. load
		L x W x H (mm)		Maximum load height 2400 mm**		Tare in kg	In kg
