

Green Lite

- Well-ventilated design maintains product freshness and quality
- Suitable for both refrigerated and dry displays
- Rounded inner corners protect delicate products

A sturdy, food-safe reusable plastic container (RPC) suitable for all fresh fruit, vegetables, meat, eggs and bakery products. Tough and durable, it significantly reduces product damage during transport and storage compared with single-use packaging. It's also ideal for point-of-sale (POS) display. Available in six sizes.

Protects your produce

Sturdy construction and secure stacking protect fresh food

Compared with single-use packaging, IFCO RPCs reduce packaging-related damage to fresh fruit and vegetables by over 96 %¹

Maintains maximum product freshness and quality throughout the supply chain

Ideal for in-store display

Shoppers prefer IFCO RPCs to single-use packaging for display²

Quick and easy to replace in store, saving time and money

Helps you operate more sustainably

Helps you operate more sustainably

Reusable over many years, eliminating waste

After useful life, material is recycled into new RPCs

Reduced waste, pollution and use of natural resources³

Standardised for maximum convenience

Compatible with all other IFCO RPCs

Compatible with all standard pallets

Optional graphics and labels for branding available

Pooled and serviced through IFCO's network of service centres

Usability

Optimised for fresh fruit, vegetables, meat, eggs and bakery products

Efficient handling

Fast manual or automated unfolding

Easy stacking with minimum effort

Ergonomic design with handles on four sides

1. Study by University of Bonn, Institute for Animal Science, Cold-Chain Management Working Group and the Fraunhofer Institute for Material Flow and Logistics, "Determination of spoilage levels of fresh fruit and vegetables according to the type of packaging", May 2013
 2. Global Shopper Produce Display Preferences Survey conducted by Brandcheck, 2013
 3. Comparative Life Cycle Assessment of Reusable Plastic Containers conducted by Franklin Associates, a Division of Eastern Research Group (ERG), March 2016
