

Maxipac

- Folds to 35cm high for efficient storage and transportation
- Compatible with other IFCO RPCs when folded and stacked
- Faster four-way access; suitable for manual and automated processes

A large, deep reusable plastic container (RPC) providing superior product protection for eggs, and for heavy fruit and vegetables. Tough and durable, it significantly reduces product damage during transport and storage compared with single-use packaging.

Usability

Optimised for eggs, and heavy fruit and vegetables

Protects your produce

Sturdy construction and secure stacking protect fresh food

Compared with single-use packaging IFCO RPCs reduce packaging-related damage to fresh fruit and vegetables by over 96 %¹

Maintains maximum product freshness and quality throughout the supply chain

Ideal in store

Comes in two large-capacity sizes to hold greater volumes of produce

Multi-purpose container for transport and display means faster one-touch stocking

Folding reduces RPC volume by up to 66 % for easy handling

Double-sided label holder on all four sides allows in-store display in any position

Helps you operate more sustainably

Reusable over many years, eliminating waste

After useful life, material is recycled into new RPCs

Reduces waste, pollution and use of natural resources²

All components quick and easy to replace

Standardised for maximum convenience

Compatible with all other IFCO RPCs

Compatible with all standard pallets

Optional graphics and labels for branding available

Pooled and serviced through IFCO's network of service centres
