

Meat Lift Lock

- One of the first foldable meat trays on the market
- Sanitisation process controlled by IFCO's SmartGuardian™ system for maximum hygiene
- Can hold up to one litre of liquid
- Optimised for case-ready and frozen meat and for sausage products

A sturdy, food-safe reusable plastic container (RPC) suitable for frozen and chilled case-ready meat. Tough and durable, its design ensures the best possible temperature control, maintaining meat freshness and quality. It's also ideal for point-of-sale (POS) display. Available in three sizes.

Your benefits

Protects your goods

- Robust for significantly reduced product damage
- Maintains maximum product quality throughout the supply chain
- Unaffected by moisture for strength in humid and refrigerated environments

Efficient handling

- Innovative Lift Lock mechanism for fast, safe folding and unfolding
- Easy stacking with minimum effort
- When folded, stacks 350 / 750 per ISO pallet for efficient transport and storage, thus saving costs

Ideal for in-store display

- Suitable for refrigerated display cases and freezers
- Shoppers prefer IFCO RPCs to single-use packaging for display

- Quick and easy to replace in meat department, saving time and money

Helps you operate more sustainably

- Reusable over many years, eliminating waste
- After useful life, material is recycled into new RPCs
- Reduced waste, pollution and use of natural resources

Standardised for maximum convenience

- Compatible with other IFCO RPCs
- Compatible with all standard pallets
- Individually traceable with unique Data Matrix code
- Optional: graphics and labels for branding can be inserted
- Pooled and serviced through IFCO's network of service centres
