

Wood Grain Series

- Authentic wood-grain texture for visual appeal
- 100 % sourced and manufactured in America
- “Farmer’s market” feel enhances fresh produce displays
- Optimized for fresh fruit and vegetables

A sturdy, food-safe reusable packaging container (RPC) suitable for fresh fruit and vegetables. Ideal for point-of-sale (POS) display. Tough and durable, its design ensures the best possible temperature control, maintaining product freshness and quality throughout the supply chain. Available in six sizes.

Your benefits

Protects your produce

- 300 % more ventilation than other wood RPCs
- Innovative latch design for added strength
- Extensive real-world and laboratory testing ensure product-protection capabilities
- Compared with single-use packaging, IFCO RPCs reduce packaging-related damage to fresh fruit and vegetables by over 96 %

Efficient handling

- Conveyor- and automation-compatible
- Easy stacking with minimum effort
- Can be cross-stacked

Ideal for in-store display

- Shoppers prefer IFCO RPCs to single-use packaging for display
- Quick and easy to replace in merchandise, saving time and money

Helps you operate more sustainably

- Reusable over many years, eliminating waste
- After useful life, 100 % of material is recycled into new RPCs
- Helps reduce waste, pollution and use of natural resources

Standardized for maximum convenience

- Compatible with other IFCO RPCs
- Compatible with all standard pallets
- Provides a standard footprint essential for automation
- Pooled and serviced through IFCO’s network of service centers

Dimensions and specifications

Types	Dimensions				Logistics				Weight*
	L x W x H				Maximum load height 2350 (mm), 92.5 (in)**				
	External dimensions (cm)	External dimensions (in)	Internal dimensions (cm)	Internal dimensions (in)	No. of folded RPCs/pallet	Folded pallet height (in)	Max. no. of packed RPCs/pallet	Max. pallet height (in)	Avg. weight empty (lbs)
6408W	60x40x10.1	23.6x15.8x3.9	57.5x37.3x8.9	22.6x14.7x3.5	195	53.6	110	87.2	3.0

6423W	60 x 40 x 24.3	23.6x15.8x9.6	57.5x37.3x23.1	22.6x14.7x9.1	125	53.3	45	106.7	5.7

* Actual weight may vary | ** Includes inbound and outbound pallet height of 6 in

Notes on use

Unfolding

- 1 Pull up long sides by gripping a handgrip with each hand
- 2 Pull short side walls up with the handgrip until they lock into place
- 3 Push corners into ring until each tab is engaged

Folding

- 4 Press short side walls
- 5 Fold long sides down onto the folded short sides

Stacking

Palletize RPCs in cross-stack pattern. Follow retailer specifications for stacking height

Make sure RPCs are properly nested and interlocked during pallet-building.
Black LL/N-Series cross-stacks perfectly with Wood Grain Series.

When cross-stacking Black I-Series with Wood, match nesting to layer below, then continue to cross-stack

Strap from top to bottom to ensure stability. IFCO recommends three straps (top, middle and bottom). For proper RPC labeling, please refer to retailer guidelines
