

Steco Meat

- One of the first foldable meat crates on the market
- Sanitisation process controlled by IFCO's SmartGuardian™ system for maximum hygiene
- Can hold up to one litre of liquid

A sturdy, food-safe reusable plastic container (RPC) suitable for frozen and chilled case-ready meat and sausage products. Tough and durable, the design ensures best possible temperature control of content, thus maintaining meat freshness and quality. It's also ideal for point-of-sale (POS) display. Available in two sizes.

Usability

Optimised for case-ready and frozen meat and for sausage products

Protects your goods

Robust with smooth inner surfaces for significantly reduced product damage

Unaffected by moisture for strength in humid and refrigerated environments

Efficient handling

Compatible with conveyor systems

Just-in-time delivery possible for urgent orders

Folds flat when empty for efficient transport, and storage, thus saving costs

Ideal for in-store display

Suitable for refrigerated and frozen displays

Shoppers prefer IFCO RPCs to single-use packaging for display¹

Quick and easy to replace in meat department, saving time and money

Helps you operate more sustainably

Reusable over many years, eliminating waste

After useful life, material is recycled into new RPCs

Reduced waste, pollution and use of natural resources²

Standardised for maximum convenience
